#### SECOND CHANCE

Those who missed the boat on the first fractional ownership opportunity within Northern California's Carneros wine growing region have a second shot to dwell among the vines. A limited number of deeded interests in the two-bedroom cottages at **The Orchard at The Carneros Inn** are now available for just under \$300,000. Besides being in Napa Valley's backyard, the few lucky folks will also have access to the inn's infinity-edge pool (which overlooks rows of verdant grapevines), the newly remodeled spa and three delicious eateries. **888.400.9831, [www.theorchardatcarneros.com](http://www.theorchardatcarneros.com).**
